

Policy JF
Student Admissions/Withdrawals from School/Enrollment
School Board Approved: June 6, 2005

It is the policy of the Board that all students enrolling in school must do so on a full-time basis. "Full-time basis" shall be defined as attending classes for the full instructional day within the public school system or in conjunction with another state-accredited institution such as a vocational-technical school or a college or university for concurrent enrollment. The only exception to this policy shall be for fifth-year seniors and special education students whose IEP's require variations of student schedules. In the event the State Department of Education advises that part-time students can be counted for state aid purposes, the Board will reconsider this policy.
