**Exclusion of Students from School for Illness**  
**School Board Approved: September 14, 2009**

A student may be excluded from the classroom when he/she exhibits symptoms of a contagious or communicable illness. The school nurse is responsible for determining whether a student should be excluded from school for such an illness. Parents will be notified if their child is excluded from school for such an illness and provided with criteria for readmission.

Criteria for excluding students from school under this policy are found in Appendix JLCG-R.
